[Phase 6: Admin Approval Panel] <— [Phase 5: Salary & Payslips] <— [Phase 4: Leave & Holiday Tracking]

Phase 1: App Installation & User Setup

Get employees and site supervisors connected to the company's ERP instance on mobile devices.

Step 1: Download & Install the App

1. Open **Google Play Store** (Android) or **Apple App Store** (iOS).
2. Search for **Frappe HR** and tap **Install**.

Step 2: Server Connection & Login

1. Launch the **Frappe HR** app.
2. Enter your company's ERP server URL (e.g., [\[https://erp.yourcompany.com\]](https://erp.yourcompany.com) (<https://erp.yourcompany.com>)).
3. Enter your **Username / Work Email** and **Password**.
4. Tap **Login**.

Phase 2: Attendance Management (Geolocation Check-In & Check-Out)

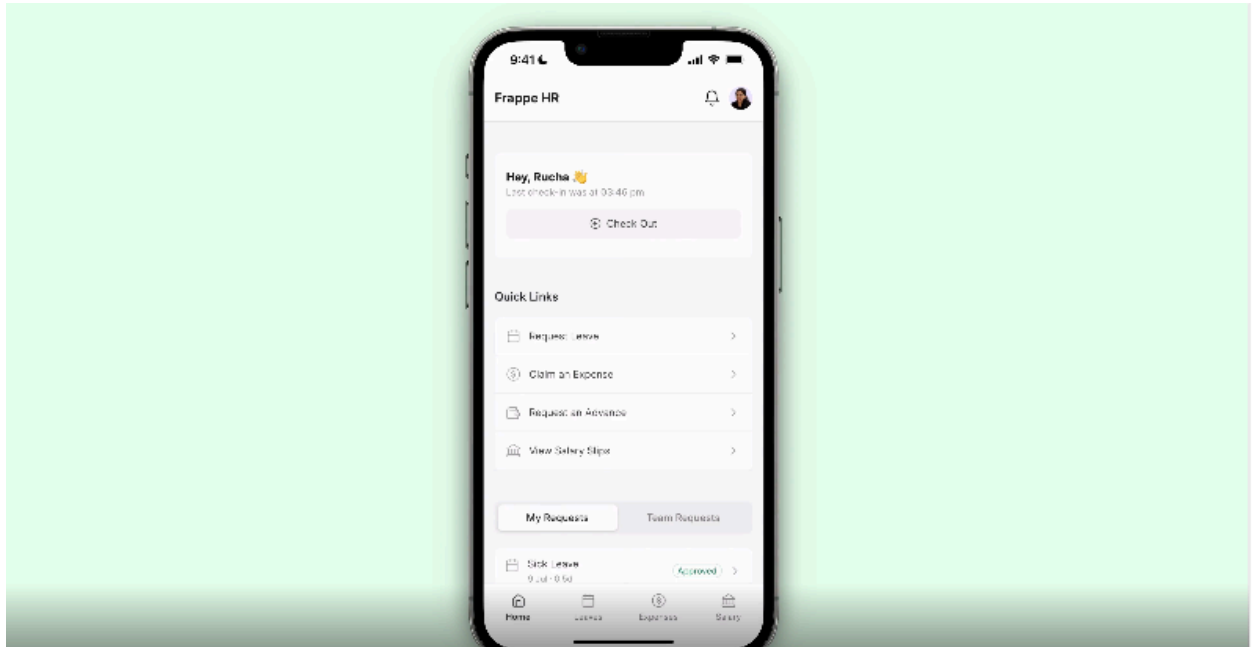

Designed for site engineers, sales representatives, and plant workers.

Step 1: Daily Check-In with GPS Capture

1. Open the app home screen → Tap **Check-In / Check-Out**.
2. Allow location access when prompted by your smartphone.
3. The app auto-captures your current **GPS Coordinates (Latitude/Longitude)** and address.

Mobile HR App2

4. Tap **Mark Check-In**.

Step 2: Daily Check-Out

1. At the end of the shift, tap **Mark Check-Out**.
2. Location data is recorded and synced to **HR > Attendance Request** on the main ERP server for automated shift and overtime calculations.

Phase 3: Expenses, Advances & Wallet Balances

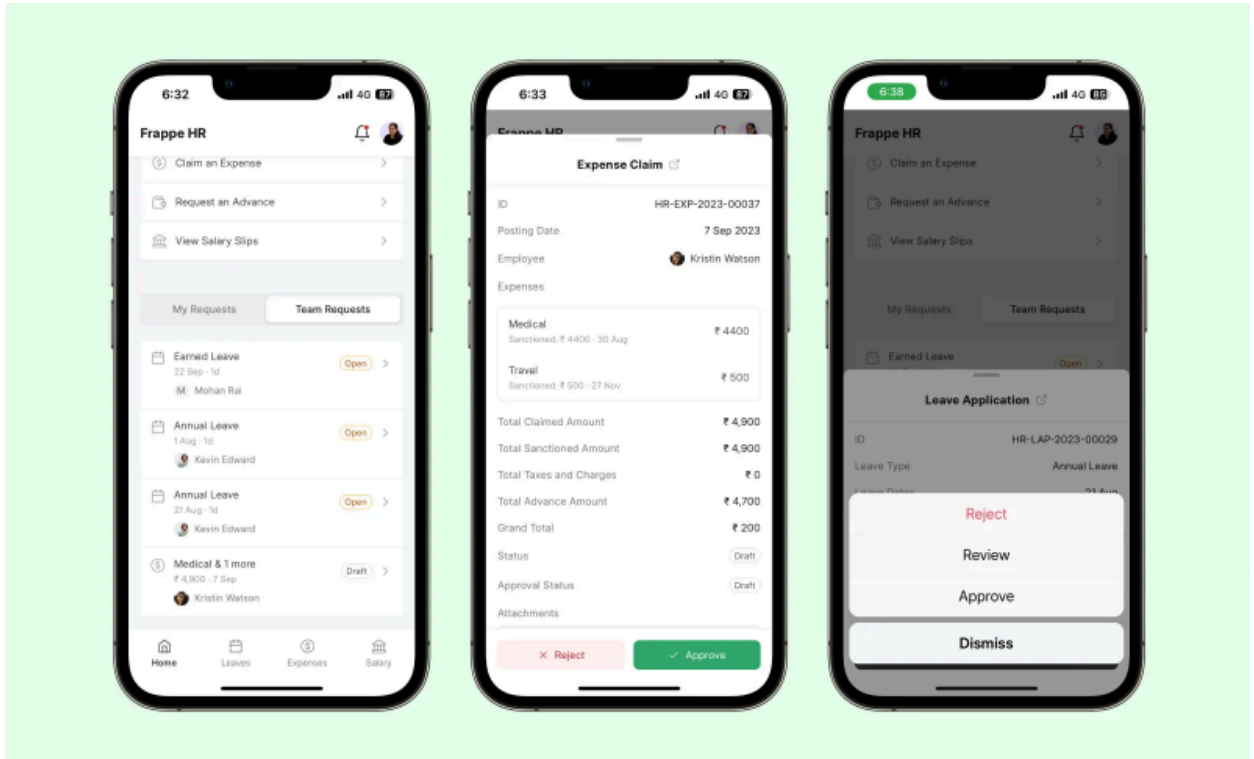

For site teams incurring out-of-pocket costs or requesting pre-departure funds.

Step 1: Request an Employee Advance

1. Go to the **Expenses & Advances** section on the dashboard.
2. View your current **Advance Balance** (functions like a digital wallet).
3. Tap **Request Advance**.

Mobile HR App3

4. Enter Amount, Purpose (e.g., *Site Transport Charges*), and tap **Submit**.

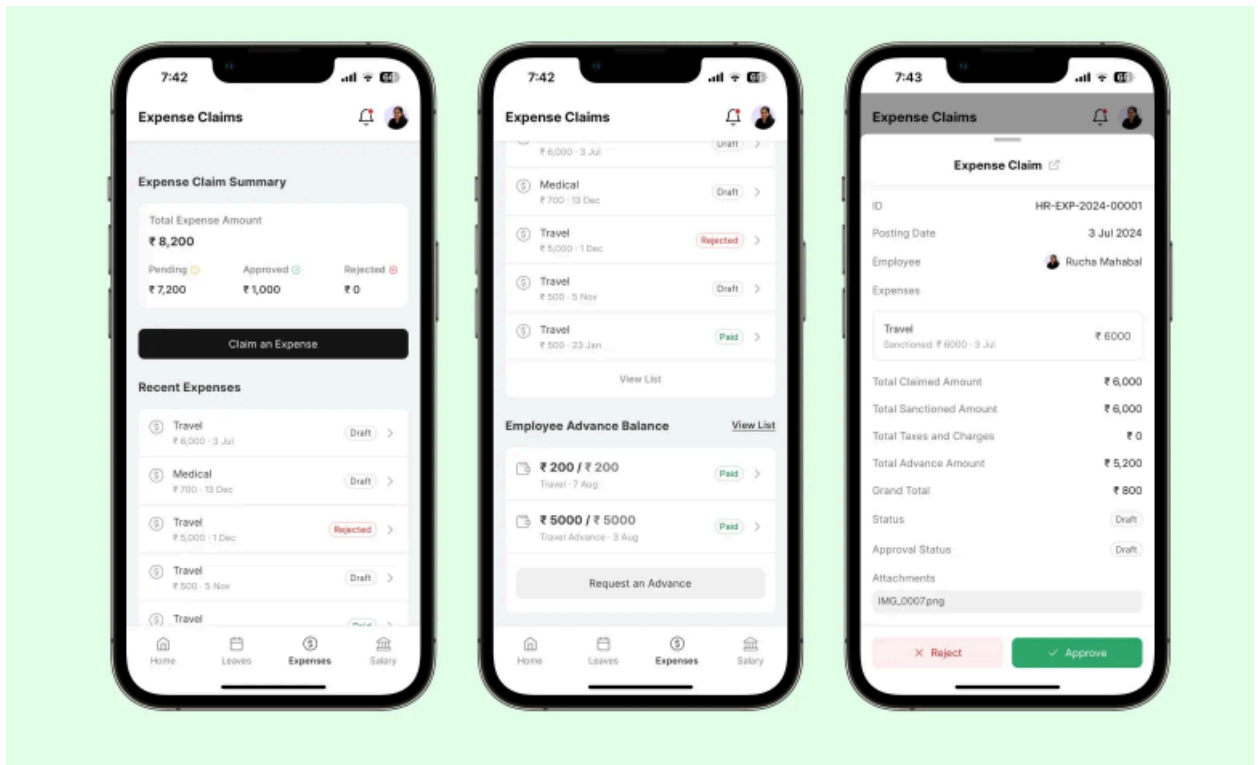

Step 2: Submit an Expense Claim on the Go

1. Under **Expenses & Advances**, tap **New Claim**.
2. Select **Expense Type** (e.g., *Fuel, Site Food, Plant Maintenance Spares*).
3. Enter the bill amount.
4. Tap **Snap Receipt** → Take a clear photo of the physical bill/invoice with your phone camera.
5. Select the linked **Project / Cost Center** (e.g., *Site Alpha Erection*).

Mobile HR App4

6. Tap **Submit for Approval**.

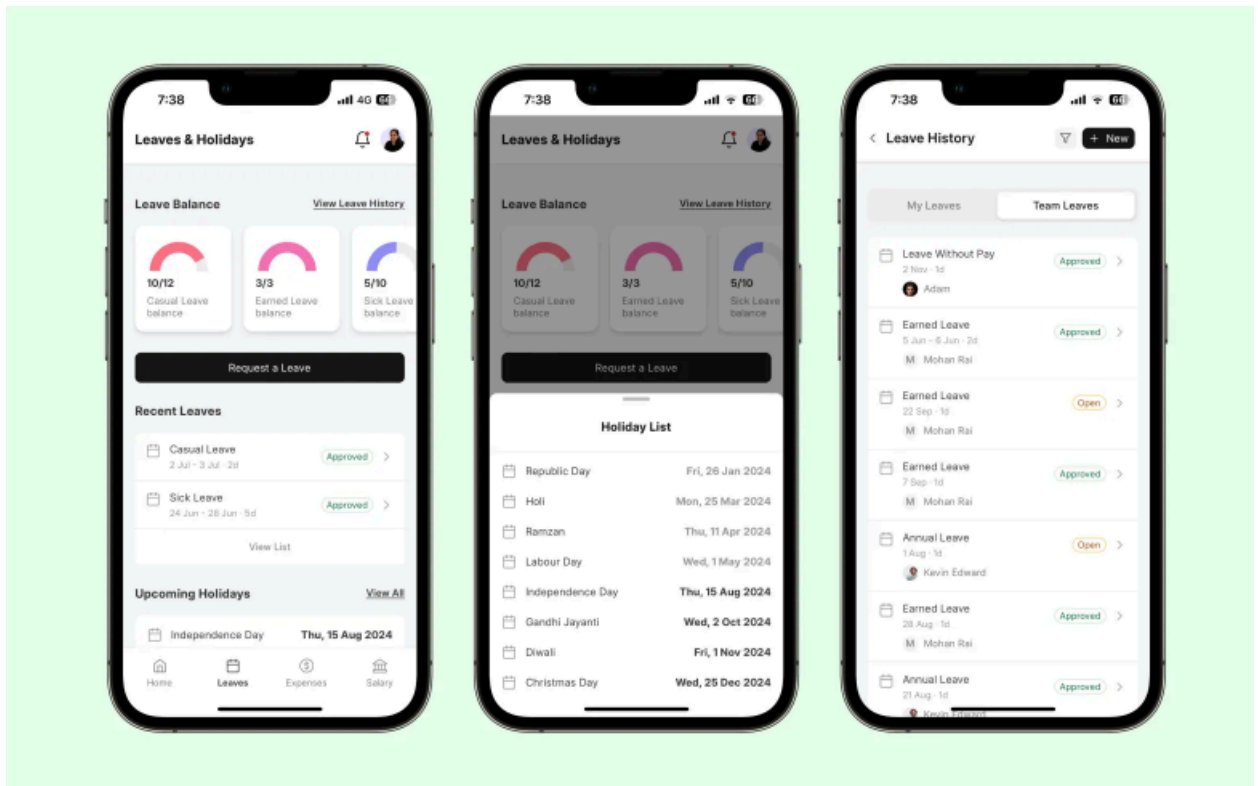

Phase 4: Leaves & Holiday Calendar

Step 1: Apply for Leave

1. Go to **Leaves & Holidays**.
2. Check your real-time **Leave Balances** (e.g., *Casual Leave: 5, Earned Leave: 10*).
3. Tap **Apply Leave**.
4. Select **Leave Type**, **From Date**, and **To Date**.
5. Add a reason or attach medical certificates if required.

Mobile HR App5

6. Tap **Submit**.

Step 2: View Upcoming Holidays & Planning

1. Scroll to the **Upcoming Holidays** card.
2. Review company holidays and days of the week to plan long weekends or project shift rotations.

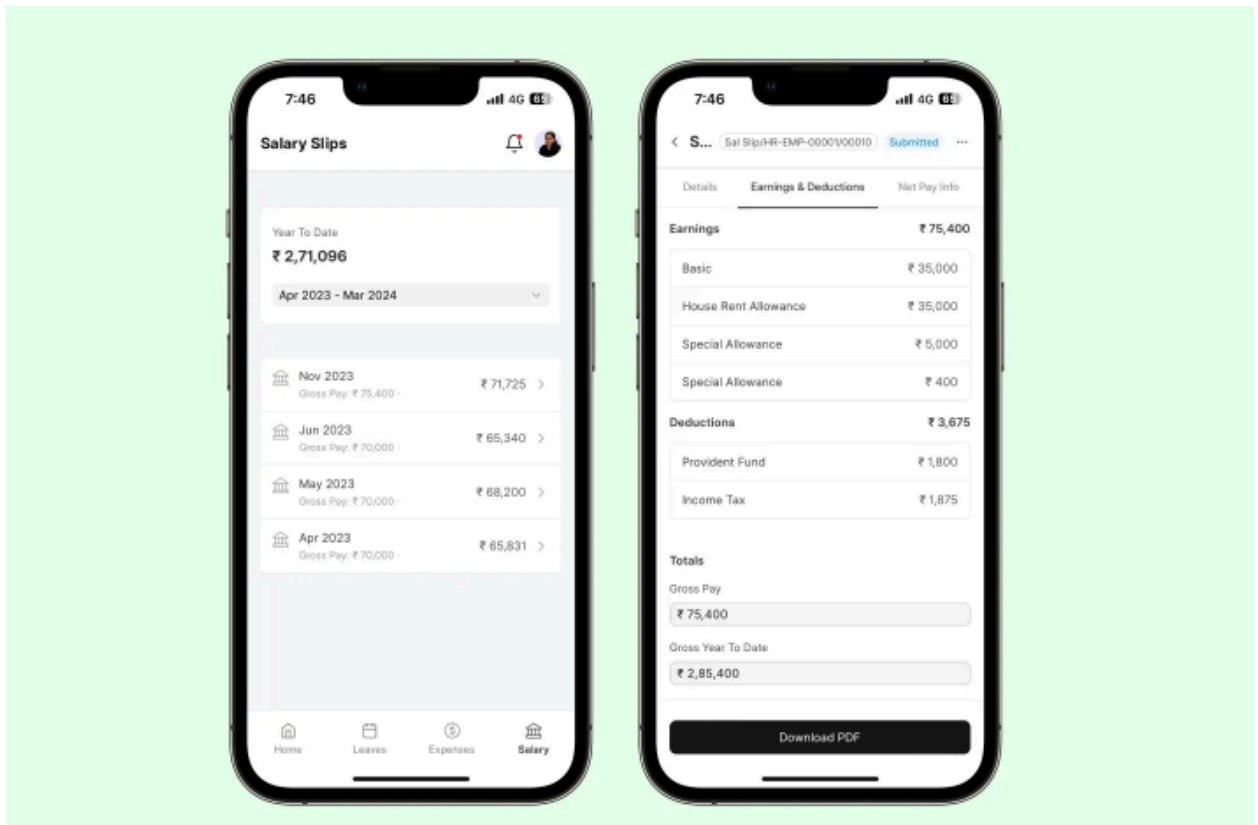

Phase 5: Salary Slips & Year-to-Date (YTD) Earnings

Step 1: View Salary History

1. Tap the **Salary** tab on the bottom menu.
2. View a list of all monthly salary slips generated for the active payroll period.

Mobile HR App6

3. Check your **Year-to-Date (YTD) Payouts** total summary.

Step 2: Download Payslips for Offline Use

1. Tap on any specific month's salary slip.
2. Review earnings, statutory deductions (PF/ESI/PT), and net pay details.
3. Tap **Download PDF** to save a copy directly on your mobile device for bank or tax verification purposes.

Phase 6: Manager Request Panel & Push Notifications (For Approvers)

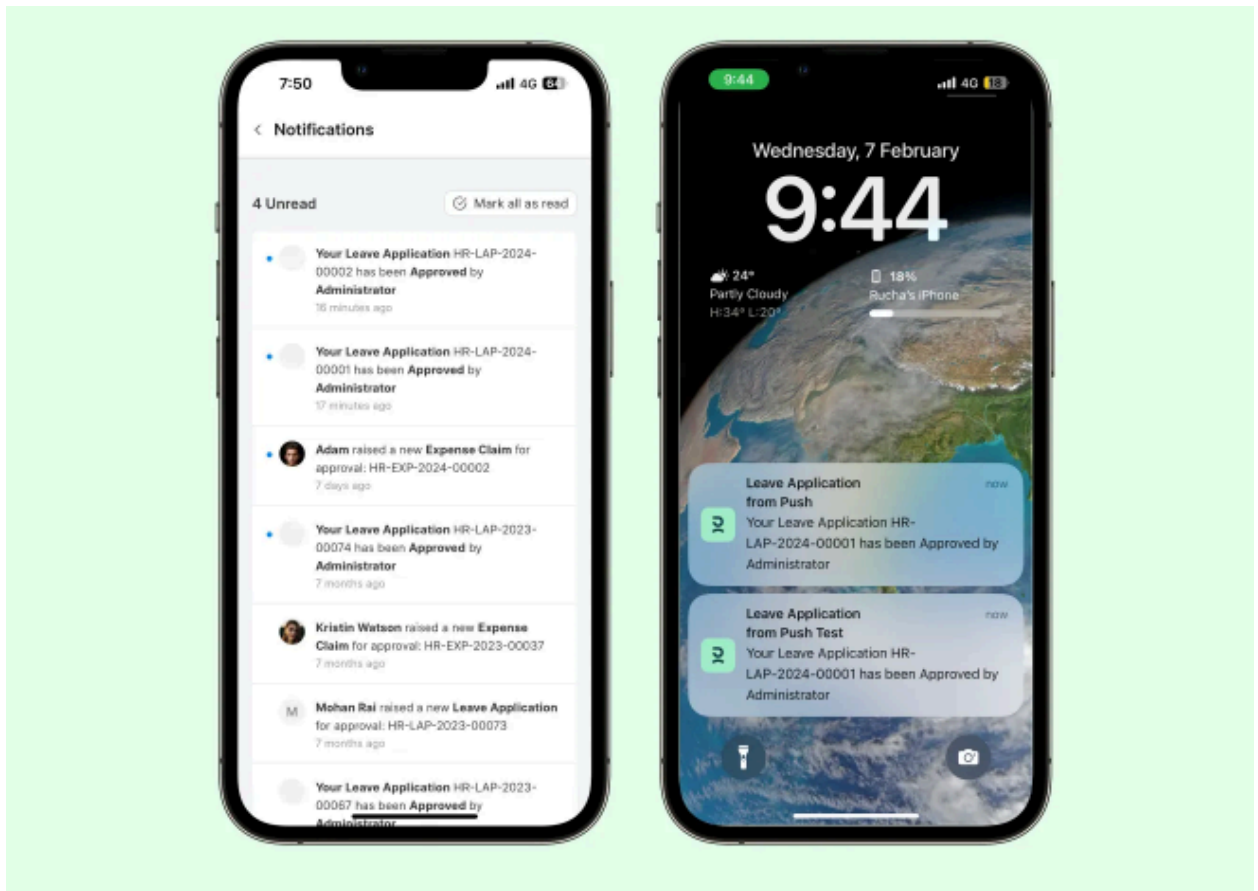

For Site Managers, HODs, and HR Managers reviewing requests on the field.

Step 1: Real-Time Push Notifications

1. When an employee submits a leave application, advance request, or expense claim, the assigned manager receives an instant **Push Notification**.

Mobile HR App7

2. Tapping the notification opens the relevant document directly.

Step 2: Process Requests via Request Panel

1. Open the **Request Panel** tab on the app home screen.
2. View all pending approvals filtered by workflow rules.
3. Open any pending request to inspect details, uploaded bill photos, or GPS locations.
4. Tap **Approve** or **Reject** (with comments). Status updates automatically across the central ERP system.

Phase 7: Profile & Personal Data Management

1. Tap **Employee Profile** in the top navigation.
2. View your personal information, company contact details, emergency contacts, and assigned designation/department.
3. Update security settings or switch languages if multi-language features are configured
